

# VU QUANG HUY

Front-end Developer Intern

## About me

My name is Huy, a 4th year student at Posts and Telecommunications Institute of Technology , major in Information Technology (PTIT).

I always want to learn more from experience and use my creativity to create good products. And I want to be a Web developer.

Thanks!

## Skills

### > Front-End

HTML/CSS ( Good )

JAVASCRIPT ( Average )

### > Framework

BOOTSTAP ( Good )

JQUERY ( Average )

REACTJS ( Average )

### > UI DESIGN

Adobe XD

Adobe Illustrator

Adobe Photoshop

### > Other

Git/Github

## Education

Posts and Telecommunications Institute of Technology.

The school has taught me all in-depth knowledge about all areas especially information technology so that I can use them.

With the school's knowledge along with the ability to self-learn and learn by myself, I am confident to go to work. My desire before graduation is to practice in order to have more knowledge and experience.

## Experience

### > Company: DEHA Software

Internship position: Frontend

Time : 2 month

Language used : Reactjs
